Tips for using glassware

When cleaning the surface of the cup, use a soft cloth with warm water and scrub with diluted edible detergent, do not use bleach, gasoline, gold crawler abrasive powder and steel scrubbers to wipe the cup, otherwise the surface of the cup is easy to rub and scratch, affecting the beauty.

When cleaning the inner , you need to use a soft sponge, soft cup brush to scrub, wipe clean and keep the cup dry.

When pouring boiling water or other drinks try not to be too full, boiling water or drinks will overflow, causing burns or wetting other objects.

If with water spot, the glass can be soaked in warm water with 10% vinegar for 30 minutes and then cleaned with a soft brush, the mold can be removed after cleaning.
Do not put the product next to open fire and high temperature.

In case any injury by accident, put where infants and children can not touch.
